HALAMAN PERNYATAAN ORISINALITAS ........................................ i
HALAMAN PENGESAHAN.............................................................. i
KATA PENGANTAR........................................................................ ii
ABSTRAK ..................................................................................... v
ABSTRACT .................................................................................. vi
DAFTAR ISI .................................................................................... vii
DAFTAR TABEL ............................................................................... x
DAFTAR GAMBAR .......................................................................... xi

BAB I PENDAHULUAN ................................................................. 1

1.1 Latar Belakang................................................................. 1
1.2 Rumusan Masalah......................................................... 3
1.3 Ruang Lingkup Penelitian ............................................ 3
1.4 Tujuan Penelitian........................................................ 3
1.5 Sistematika Penulisan.................................................... 4

BAB II LANDASAN TEORI ......................................................... 5

2.1 Transportasi ................................................................. 5

2.1.1 Moda Transportasi .................................................. 5
2.1.2 Manfaat Ekonomi...................................................... 6
2.1.3 Manfaat Sosial........................................................ 7
2.1.4 Manfaat Politik........................................................ 7
2.2 Simpul Transportasi....................................................... 8

2.2.1 Terminal Angkutan Umum ...................................... 9
BAB III METODOLOGI PENELITIAN ........................................20
  3.1 Bagan Alir Penelitian ............................................20
  3.2 Identifikasi Penelitian ...........................................21
  3.3 Perumusan Kuesioner, Uji coba, dan Perbaikan Kuesioner ....21
  3.4 Menentukan Jumlah Sampling ..................................22
  3.5 Pengumpulan Data ...............................................23
  3.6 Pengolahan Data dan Analisis ..................................24
  3.7 Kesimpulan dan saran ...........................................24

BAB IV PEMODELAN DAN PEMBAHASAN ................................26
  4.1 Umum ...............................................................26
  4.2 Deskripsi Karakteristik Responden Pengguna Transportasi

    Online ..............................................................27
  4.3 Deskripsi Karakteristik Perjalanan Pengguna Transportasi

    Online ..............................................................29
4.4 Analisis Karakteristik Pengguna Transportasi *Online* Berdasarkan Moda Asal.................................................................33

4.4.1 Analisis Diskriminan.........................................................33

4.4.2 Deskripsi Kualitas Model..................................................35

4.4.3 Estimasi Model ...............................................................38

4.5 Pembahasan ........................................................................42

BAB V KESIMPULAN DAN SARAN.............................................45

5.1 Kesimpulan .........................................................................45

5.2 Saran ..................................................................................46

DAFTAR PUSTAKA ....................................................................47

LAMPIRAN
DAFTAR TABEL

Halaman

Tabel 2.1 Terminal Berbagai Moda Transportasi ........................................... 9
Tabel 4.1 Karakteristik Demografi Responden ........................................... 27
Tabel 4.2 Karakteristik Ekonomi dan Spasial Responden ......................... 28
Tabel 4.3 Karakteristik Perjalanan Pengguna Transportasi Online .......... 30
Tabel 4.4 Karakteristik Perjalanan Pengguna Transportasi Online .......... 31
Tabel 4.5 Karakteristik Perjalanan Pengguna Transportasi Online .......... 31
Tabel 4.6 Variabel dan Pertanyaan ............................................................. 36
Tabel 4.7 Variabel dan Pertanyaan ............................................................. 36
Tabel 4.8 Eigenvalues ............................................................................. 37
Tabel 4.9 Wilks’ Lambda ......................................................................... 38
Tabel 4.10 Classification Result ................................................................. 39
Tabel 4.11 Test of Equality Group Means .................................................. 40
Tabel 4.12 Canonical Discriminant Function Coefficient ....................... 41
Tabel 4.13 Function at Group Centroid ...................................................... 40
Tabel 4.14 Structure Marix ..................................................................... 40
